Please discuss your fees and payment arrangements in advance, it is not advisable to allow a student to run up a large bill they may have difficulty paying in the end.

TO FIND A TUTOR: The following list is a compilation of graduate and senior UWO students who offer tutorial services in various disciplines. Courses/subjects are listed by their Faculty. For example, Statistics falls under Science, History falls under Social Sciences and French belongs to the Faculty of Arts. If you cannot find a tutor listed in your subject, you are encouraged to ask that department's Graduate
Coordinator as s/he may be compiling a tutor list internally. For safety's sake please arrange to meet in a public place. Please Note: Western Libraries do not permit tutoring for profit on their premises. The fees you negotiate can range from $15 to $25 per hour. Some tutors will issue a receipt.
