Applications are invited for Research Awards for the summer months of 2017 in the Department of Applied Mathematics, and the Department of Statistics & Actuarial Sciences.

Supervision is available in a variety of areas related to existing research conducted by faculty members in: numerical and symbolic computation, mathematical biology, dynamical systems, financial modeling, applied statistics, applied probability, actuarial modeling. Applicants are not required to specify an area of interest.

This program will be run in cooperation with NSERC’s Undergraduate Student Research Award program. The awards will be for four months during May -- August, 2017. The total amount of the award for 16 weeks is a minimum of $6420 but sometimes can be substantially higher. Depending on circumstances, and we will, in addition, provide a travel allowance in accordance with NSERC’s Travel Allowance policy. The awards are subject to availability of funding and depend on the qualifications of the applicants. Each applicant should be an undergraduate student in a mathematical sciences program, and possess an A average. Offers to successful applicants are conditional on receipt of required documentation and official transcripts.

In accordance with NSERC and Canadian Immigration regulations, this advertisement is directed to persons holding Canadian citizenship or permanent resident status.

The closing date for receipt of applications is January 9th, 2017.

E-mail inquiries are welcome. Interested individuals should send a resume, recent grade report, application for NSERC Undergraduate Student Research Award (must be completed and printed from NSERC’s web site: http://www.nserc.ca/) and arrange to have two reference letters sent to:
